

KAISEI Junior and Senior high school

Information

KAISEI English Village

Open in April

Hello. We are teachers of KAISEI Junior and Senior high school. How do you do?

We are organizing an English event called “English Village” at KAISEI, not only for our students but also for local people. People who come to the English village have to speak only English because we want them to be able to communicate with other people in English. So, we have decided to open the English Village here.

We need your help! We need staff who can work here! Could you join us? Of course, we’ re going to pay you a salary of 5000 yen a day. And, attendance is not required every Tuesday. Please attend when convenient. We hope you can join and work together here at KAISEI!
