Feedback from participants

※From 'Netto de Nihongo' online survey

- "I learnt words and phrases frequently used in daily life. Now, I can communicate in Japanese more effectively by using the words I've learned."
(From Brazil, living in Izumo City)
- "Online learning was very convenient. The teachers supported our learning in various ways."
(From China, living in Matsue City)
- "This program was really engaging, and despite not knowing Japanese previously, I put in a lot of effort and managed to make significant progress. Thanks to the teachers' explanations, I gained a better understanding of Japanese, and I also learned about various aspects of daily life."
(From the Philippines, living in Izumo City)
- "This course was truly wonderful. After each class, I gradually became better at speaking and gained a bit of confidence."
(From Brazil, living in Izumo City)
