

The First Mini Tatami Mat & Coaster Workshop

Participants will learn to make beautiful mats and coasters using Tatami.

How about decorating your home with tatami-styled items? They are both stylish and useful in various ways, such as holding pots and kitchenware. They also are wonderful gifts for friends and guests from overseas.

The traditional Japanese design is both beautiful and calming. These items are perfect as a summer arts & crafts project. We encourage anyone to participate, including guests from abroad.

An expert will be present to explain the history of tatami, and the use of tatami in other countries. These mini tatamis can be used all year round and will add a nice accent to your room!

Feel free to bring friends and family. You can come with a group or by yourself. Anyone is welcome!

We can't wait to see you!
